

## **Names: Belkees Almajanahi, Michael Strelkovski, Paris Parish**

### **Instructions**

In teams of 2-3, choose one of the companies below to be your “client.” Do a market analysis (define their product, purpose, and users) for the selected company and then do a visual audit of at least one of your “clients” competitors homepage.

Choose a client below:

- R/GA
- Frog Design
- Method
- New York Times
- The Guardian
- RISD
- Cooper Hewitt
- dribbble.com
- Nike
- Apple

Answer the following:

- What is your market?

Higher end shoes and clothing market

- Who is your user? Create a user archetype.

-People interested in trendy fashion and sports

-Athletes

-Men/Women of a broad age range from kids, teens, and adults

-Generally upper income bracket, shoes can be upwards of \$200 or more

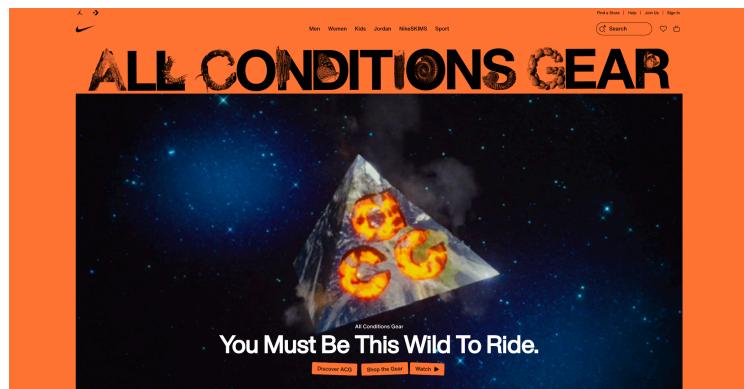

User Archetype:

Aiden is a 26 year old tennis player. He plays competitively and earns plenty of money from sponsors and tournaments. He practices with a group of friends on weekends. After years of use, his shoes have worn down and he wants to buy a new pair that would impress his friends while being practical for the sport.

- Who are your competitors? Put together a list of (at least 3) competitors.
  1. Puma
  2. Converse
  3. Adidas

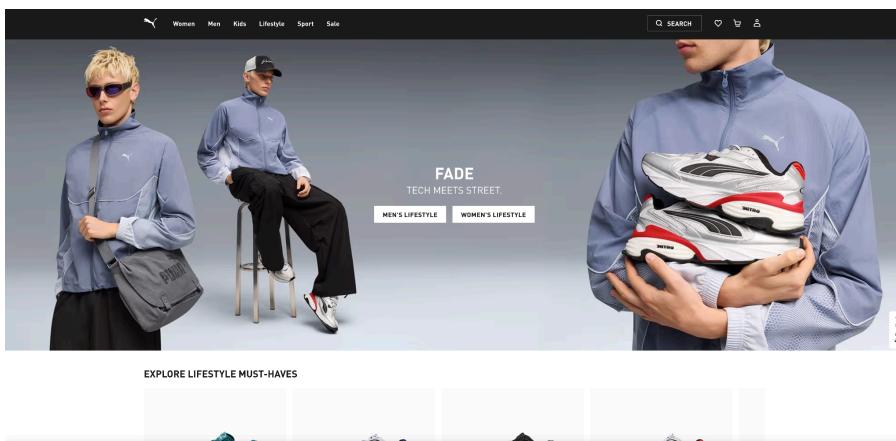

and provide a visual audit

Nike

- Create screenshots of your competitors website homepages.
